

UWO OSHKOSH FALL 2020 DOOR COUNTY

PRIVATE WELL MONITORING PROGRAM

ABOUT THE PROGRAM

The University of WI Oshkosh Environmental Research and Innovation Center is conducting a groundwater study in Door County, WI. The goal of this study is to provide education about the importance of testing your well water as well as build a database of groundwater quality data in Door County.

TESTING PARAMETERS IN STUDY

Total coliforms/e. coli (quantification)

Nitrate (Nitrate + nitrite as N)

Well owner cost is \$30

*Optional arsenic, pH, alkalinity, hardness and iron tests available at an additional cost of \$25

HOW IT WORKS

- RSVP using the link or QR code provided below by September 11th, 2020
- Attend a virtual forum, receive sampling kit in mail
- Return your kit October 2nd or 3rd at designated drop-off locations
- Receive your results & countywide summary of study

RSVP by September 11th, 2020

*Prepayment using a credit card is accepted when you RSVP online, otherwise pay with check made out to UW Oshkosh. Note that sampling kits will not be mailed out until payment is received.
